

Instructions for Ribbon Making

Front

Back

Material:

Rolls of ribbon from a craft store

Safety pin backs to be glued to ribbon

Glue gun and glue

When using the glue gun, adult supervision is required. Glue is hot! Use discretion and do not allow children who are too young to handle the gun or glue.

- 1) Cut ribbon in 6 inch lengths using a diagonal cut
- 2) Apply a drop of glue about 1 ½ inches from the bottom
- 3) Twist ribbon to the proper shape so that the glue holds it
- 4) Apply a small line of glue to the back of the ribbon and place pin on the glue line.
- 5) Trim ends if necessary
